Elissa graduated from Quinnipiac College in 1997 where she received her Bachelor's degree in Occupational Therapy. After working for 3 years in acute care she received her CLT certification from Klose Norton Training and Consulting in 2001. She has worked in the field of lymphology ever since, helping people of all ages navigate their lymphedema journeys. For 10 years, Elissa has been managing the garment program through the NLN in various roles and is grateful to be involved in such a special organization which empowers both therapists and patients. Currently working in outpatient rehabilitation where she has been for 15 years, she has recently been invited to join Klose training as a Teacher's assistant and is excited to see where this will take her.
