

Linda Hodgkins, PT, DPT, CLT

Linda Hodgkins has been an Occupational Therapist and Certified Lymphedema Therapist since 1997. She is the Lymphedema Program Manager at Hartford Healthcare Rehabilitation Network in Connecticut. Her passion is to promote a higher standard of care for lymphedema services that is effective and evidence-based. She presented the keynote address at the 2019 Klose Lymphedema Conference on Program Growth through Standardizations: The Hartford HealthCare Model. Most recently she presented work on applying components of CDT to manage edema in the acute care and orthopedic settings at the Power Conference in 2024. The lymphedema program at Hartford HealthCare was awarded the designation of Center of Excellence for Conservative Care by LE&RN in 2020. Linda is a faculty member of Klose Training and Consulting.
