

We welcome you to join us for the NLN Clinical Focus Group - Lipedema facilitated by

**Bailey B. R. Maddox, LMT, CLT.**

Join Bailey in a lively discussion about lipedema, including case studies, treatment, and more! All lymphedema therapists of varying settings, geographic location, and discipline are welcome.

We encourage submission of questions or topics for discussion via email at [continuingeducation@lymphnet.org](mailto:continuingeducation@lymphnet.org).

These are not recorded, therefore they are not accessible at a later date.

Bailey B. R. Maddox is a Certified Lymphedema Therapist who works exclusively with lipedema, lymphedema, and oncology clients. With eight years of experience as a Licensed Massage Therapist, she utilizes a wide range of manual therapies to ensure safe and effective treatment for clients. Bailey's dedication to continuous learning is evident through significant research and education. As a passionate advocate for lipedema, she stands out as one of the few massage therapists in the area to have completed advanced lymphatic training. In April 2024, Bailey founded an online group to provide peer-to-peer support for lipedema therapists. Bailey actively maintains connections with experts in the lipedema research field to stay updated with the latest research developments. She has worked with patients from Hagopian Plastic Surgery in Atlanta, Advance Lipedema Treatment in Beverly Hills, and Lipedema Solutions in St. Louis. Bailey is expected to present her protocol for Lipedema Reduction Surgery Post-Operative Care later this year. Bailey is a LGBTQ+ affirming massage therapist. Bailey is a proud member of American Lipedema Association and of National Lymphedema Network.
